Details

Vertical mount

Optional faceplate for 2 1/4" instrument panel hole is available.

Depth
2.625"

Characteristics

You get 4-position transmit, auxiliary input, selectable auto muting, pilot isolate, plus high sound clarity and easy volume adjustment. Includes a built-in failsafe mode.

Benefits:

Simple to use and sized to fit anywhere in the panel - vertical or horizontal mounting. Selectable auto mute can be configured so radio mutes intercom conversation, music, or both. Your choice.

Support:
